Over the past years, the annual income has been distributed amongst older residents in Carlton at Christmas. In 2010 the annual income was donated as a contribution towards the Carlton defibrillator. At a meeting of the Trustees following the changes in officers and trustees, it was decided to review the operation of the charity in order to consider the best use of the relatively small income for the benefit of Carlton residents. It was agreed that there would be no resumption of payment to older residents pending this review. Once this has been completed we will inform all residents of any changes.
