

Carlton Footpath Group

Annual Report 2014-15

I have walked every public right of way in the Parish of Carlton over the previous two months, and they are all waymarked and clear of obstructions.

The S50 and S68 Footpath projects have been completed and opened, and the Local Walks leaflet completed and published.

Footpath S68, part of the Leicestershire Round, had been temporarily diverted at Shackerstone Station, but Leicestershire County Council has now initiated legal action to re-open the definitive route.
