

# **CARLTON CHARITY GRANTS**

The Carlton Charity Lands originate in the 14<sup>th</sup> and 15<sup>th</sup> centuries when land was gifted for the benefit of the inhabitants of Carlton. Over time the nature of the charitable benevolence has changed. A hundred years ago, the main objective of the charity was to grant indentures for local apprentices. Times have changed however, and this is no longer relevant. The Trustees have agreed a new Trust Deed with a new objective: to assist the self-improvement of young people in Carlton. This keeps to the spirit of the old objective but allows the Trust to help young people in more relevant ways.

We are now inviting young people aged 16-22 years old who have lived in Carlton for at least two years, to apply for grants of up to £100 towards:

- College books and equipment
- Travel costs related to educational improvement
- Books and equipment for apprentices
- Assistance for those starting a business

Applications should be submitted in writing explaining how the grant would help you to Mrs Joan Orton, Fox Covert, 89 Main Street by 31<sup>st</sup> August 2014.
