

Carlton Footpath Group

Annual Report to Carlton Parish Council 2016

I have walked every public right of way in the Parish of Carlton over the previous two months, and they were all waymarked and clear of obstructions.

Footpath S68, part of the Leicestershire Round, had been temporarily diverted at Shackerstone Station, and Leicestershire County Council has initiated legal action to re-open the definitive route.

With the support of the landowners, a grant application had been submitted to the H&BBC Parish & Community Initiative Fund to replace the last stile on footpath S68 with a hand gate. The works should be carried out in the autumn.

John Piggon (Chairman)
